	Program Da	ay 2: Wednesday 28	110101111111111111111111111111111111111	
		Registration 8am-9a		
9am-10:30am	Plenary Session 3 : The Reproducibility Crisis Room: ABS Auditorium Chair: Professor Doug Hilton Professor Glenn Begley Professor Tammy Hoffman Professor Kathryn McPherson Dr Joanne Mckenzie Morning Tea 10:30am-11am			
11:00am-12:30pm				
	2A - Implementable Clinical Practice Guidelines Chair: Geraint Duggan Room: ABS Auditorium	2B - Evidence Informed Priorities Chair: Chendur Palaniapan Room: Lecture Theatre 1050	2C - Conducting Robust Research Chair: Julia Tresidder Room: Lecture Theatre 1060	2D - Ensuring Value Through Data Sharing and Data Linkage Chair: Pat Ridgway Room: Lecture Theatre 1170
	Moving stroke research into policy and practice: experience and access of the MAGICapp online clinical guideline platform Kelvin Hill	Does industry involvement influence study characteristics at time of trial registration? Anna Lene Seidler	Using the R statistical software to improve the reproducibility, transparency and translation of research Adrian Barnett	Using Cost-Benefit Analysis to Determine an Accurate Value for Research Biobanking Amanda Rush
	Agents of Change: Making the evidence accessible to disrupt the status quo in dementia care Monica Cations	How to Optimise Refugee Children's Health/Wellbeing in Preparation of Transitions into Primary and Secondary School: A Qualitative Inquiry. Jess Baker	Studies within a trial (SWAT): Improving the evidence base for trial recruitment and retention Elaine Pascoe	Bolstering evidence-informed health policy: Using the National Data Linkage Demonstration Project (NDLDP) to identify evidence-practice gaps in post-discharge cardiac care Andrea Schaffer
	Describing a user-informed approach for developing key questions for general practitioner guidelines Samantha Chakraborty	Systematic reviews of animal studies - Towards more evidence-based pre-clinical research and translation Judith Van Lujik	A review and synthesis of the knowledge user engagement frameworks to identify essential features: toward building understandings of collaborative research practices lan Graham	A FAIR Data Sharing Framework for Large- Scale Human Cancer Proteogenomics Brett Tully
	Implementation of acute low back pain guideline recommendations: a cluster randomized controlled trial with chiropractors and physiotherapists Simon French	PCORI Methodology Standards in Practice: Use of systematic reviews to support proposals for new research Kelly Dunham	Every (research) tree needs SAP: Why Statistical Analysis Plans are vital to robust research? Lauret Billiot	Applying FAIR (Findable, Accessible, Interoperable and Reusable) principles to linked datasets: opportunities and challenges Keith Russell
	Treating changed behaviours in dementia and appropriateness of medication use in residential aged care: Addressing research priorities of the Clinical Practice Guidelines for People with Dementia Stephanie Harrison	Identifying alternative delivery models to increase value and sustainability of healthcare: A scoping review of systematic reviews Polina Putrik	Improving the management of infants with bronchiolitis: developing tailored research translation interventions for a cluster randomised controlled trial Libby Haskell	Findable, Accessible, Interoperable, and Reusable (FAIR) data Kate LeMay
	Identifying and integrating patient and caregiver perspectives in clinical practice guidelines for percutaneous renal biopsy Talia Gutman	Maximising value by increasing usability of research findings: assessing the impact of a novel participatory approach to disseminating findings from an	Facilitating healthcare decisions by assessing the certainty in the evidence from preclinical animal studies. Merel Ritskes-Hoitinga	Improving supportive care in cancer with innovative use of AI for invasive fungal diseases Michelle Anandra-rajah
12.30pm - 12.45pm		Indigenous primary healthcare project Shanthi Ramanathan RC's 'Guidelines for Guidelines for Gu	i and Geraint Duggan	ir Guidelines Meet Best Practice.
12.30pm - 12.45pm 1.30pm-3pm	NHMI This online resource aims to Help Guideli 3A - Australian Health Research Alliance (AHRA) Chair: Garry Jennings	Indigenous primary healthcare project Shanthi Ramanathan RC's 'Guidelines for Guidene Developers Meet the NHMRC Standard Speakers: Davina Ghers Room: Aud Lunc 12:30pm-1 3B - Partners in Co-Production Chair: Tony Keech	andards for Guidelines and Ensure The i and Geraint Duggan itorium h :30pm 3C - Embedding Research in Practice Chair: Davina Ghersi	3D - Knowledge Translation in Practice Chair: Wee-Ming
	NHM This online resource aims to Help Guideli 3A - Australian Health Research Alliance (AHRA)	Indigenous primary healthcare project Shanthi Ramanathan RC's 'Guidelines for Guidene Developers Meet the NHMRC Standard Room: Aud Lunc 12:30pm-1 3B - Partners in Co-Production	andards for Guidelines and Ensure The i and Geraint Duggan itorium h :30pm	3D - Knowledge Translation in Practice
	NHM This online resource aims to Help Guideli 3A - Australian Health Research Alliance (AHRA) Chair: Garry Jennings Room: Lecture Theatre 1050 Australian Health Research Alliance (AHRA) -	Indigenous primary healthcare project Shanthi Ramanathan RC's 'Guidelines for Guidene Developers Meet the NHMRC Standard Speakers: Davina Ghers Room: Aud Lunc 12:30pm-1 3B - Partners in Co-Production Chair: Tony Keech Room: Lecture Theatre 1060 Why should we pay attention to	andards for Guidelines and Ensure The i and Geraint Duggan itorium h:30pm 3C - Embedding Research in Practice Chair: Davina Ghersi Room: ABS Auditorium Feasibility and acceptability of living	3D - Knowledge Translation in Practice Chair: Wee-Ming Room: Lecture Theatre 1170 Reducing low-value knee arthroscopy:
	NHMI This online resource aims to Help Guideli 3A - Australian Health Research Alliance (AHRA) Chair: Garry Jennings Room: Lecture Theatre 1050 Australian Health Research Alliance (AHRA) - National priority setting in Data Driven Healthcare Improvement Helena Teede Challenges for Australia's healthcare system: Addressing the gaps in the evaluation of health technology and implementation at the 'local' level Andrew Searles	Indigenous primary healthcare project Shanthi Ramanathan RC's 'Guidelines for Guidene Developers Meet the NHMRC Standard Speakers: Davina Ghers Room: Aud Lunc 12:30pm-1 3B - Partners in Co-Production Chair: Tony Keech Room: Lecture Theatre 1060 Why should we pay attention to power within co-production research and integrated knowledge translation Chris Mccutcheon Research translation: engage decision-makers at the beginning, middle, or end? Jennifer Thompson	andards for Guidelines and Ensure The i and Geraint Duggan itorium And Geraint Duggan itorium 3C - Embedding Research in Practice Chair: Davina Ghersi Room: ABS Auditorium Feasibility and acceptability of living systematic reviews: results from a mixed methods evaluation Tanya Millard The PROMPT-Care eHealth system to support patient-centred care: The long road to transition to business as usual Ivana Durcinoska	3D - Knowledge Translation in Practice Chair: Wee-Ming Room: Lecture Theatre 1170 Reducing low-value knee arthroscopy: Development of a patient decision aid to support research translation Denise O'Connor Implementation in the real world: Current screening for gestational diabetes is failing to detect women at risk of adverse birth outcomes Erica Spry and Emma Jamieson
	This online resource aims to Help Guideli This online resource aims to Help Guideli 3A - Australian Health Research Alliance (AHRA) Chair: Garry Jennings Room: Lecture Theatre 1050 Australian Health Research Alliance (AHRA) - National priority setting in Data Driven Healthcare Improvement Helena Teede Challenges for Australia's healthcare system: Addressing the gaps in the evaluation of health technology and implementation at the 'local' level Andrew Searles Strengthening consumer and community involvement in health research across Australia – where are we and where might we go? Gary Geelhoed Garry Jennings	Indigenous primary healthcare project Shanthi Ramanathan RC's 'Guidelines for Guidene Developers Meet the NHMRC Start Speakers: Davina Ghers Room: Aud Lunc 12:30pm-1 3B - Partners in Co-Production Chair: Tony Keech Room: Lecture Theatre 1060 Why should we pay attention to power within co-production research and integrated knowledge translation Chris Mccutcheon Research translation: engage decision-makers at the beginning, middle, or end? Jennifer Thompson A robust translational research, all of health sector approach to improving continuity of care for Aboriginal people with chronic diseases Herbert Mack	andards for Guidelines and Ensure The i and Geraint Duggan itorium 3C - Embedding Research in Practice Chair: Davina Ghersi Room: ABS Auditorium Feasibility and acceptability of living systematic reviews: results from a mixed methods evaluation Tanya Millard The PROMPT-Care eHealth system to support patient-centred care: The long road to transition to business as usual Ivana Durcinoska AuTOMATIC: Implementation of a highly automated response adaptive trial design Julie Marsh	3D - Knowledge Translation in Practice Chair: Wee-Ming Room: Lecture Theatre 1170 Reducing low-value knee arthroscopy: Development of a patient decision aid to support research translation Denise O'Connor Implementation in the real world: Current screening for gestational diabetes is failing to detect women at risk of adverse birth outcomes
